

MiVue™ 620 DC

Installing a MiVue™ dash cam with two cameras – front and rear – really gives you “eyes at the back” and all-round protection from other drivers. The MiVue™ 620 DC offers great value for money with both front and rear cameras recording in Full HD 1080P at 30 frames per second. The front camera has a 2" LCD screen, a Premium Starvis™ sensor which allows in more light for better low light recording and a field of view of 135 degrees, while the internal rear camera has a 120-degree field of view. The high quality, well-priced MiVue™ 620 DC has been designed, built and tested for Australian and NZ conditions.
